Special Programs

The College of Engineering provides a wide variety of programming to enhance students' academic and professional development. Middle school, high school, and college students can benefit from opportunities.

MIDDLE SCHOOL

Engineering GatorTRAX

A Math Excellence program. Its goals are to keep students involved in mathematics by giving them to explore engineering applications of math concepts. This year-round program includes Saturday programs, field trips, and a week-long summer camp.

Gator Outreach

Gator Outreach brings students to the University of Florida for a day to get a feel for campus life of engineering. Gator Outreach visits are planned as school field trips. For more information, contact Wade (Mailto: ewade@eng.ufl.edu), Outreach Coordinator. 352-392-2177

HIGH SCHOOL

Engineering GatorTRAX

A year-round Math Excellence program. Includes Saturday Engineering programs, field trips, and a summer camp. The high school program also includes college preparation.

Gator Outreach

Gator Outreach brings students to the University of Florida for a day to get a feel for campus life of engineering. Gator Outreach visits are planned as school field trips. For more information, contact Wade (Mailto: ewade@eng.ufl.edu), Outreach Coordinator. 352-392-2177

COMMUNITY COLLEGE STUDENTS

Gator Engineering Transfer Student Workshop

Designed specifically to introduce transfer students to the University of Florida College of Engineering incoming transfer students with faculty, administration, and most importantly, other students in your study. This program has a proven record of success. All transfer students should plan to attend.
